FF STEEL

Stronger and Safer Pakistan

THE STRONGEST STEEL BAR IN PAKISTAN

ABOUT US

FF steel is the fastest growing steel manufacturer in Pakistan excelling in production of quality steel products since 1986. Currently the organization has two manufacturing plants one in Lahore and the other in Peshawar. Both the plants are purpose-built with customized production equipment that allow improved production processes with optimal cost efficiencies. FF Steel now stands with the largest sales network across Pakistan along with the largest sales team.
